

Safran Du Monde Names World Tour Destinations for 2024

Turns out not only Abercrombie & Kent and TCS World Travel offer round the world private jet tours. Safrans du Monde, a travel designer specializing in high-end tailor-made trips, world tours and air cruises that offer experiences all over the world, announced its 24 day “2024 World Tour Special Edition” air cruise taking place from March 10 to April 2 featuring nine iconic destinations.

Traveling in the spacious cabin of an Airbus A340 with comfortable seats that transform into perfectly flat beds, guests will be pampered by an attentive crew and soaked in the refinement of exclusive hotels throughout the trip where their luggage will be waiting for them at their hotel room when they arrive at each stop. On each flight, appetizers, canapés and three-course meals are prepared by a private chef, Paul Caussé, and served in French style.

To begin this unique, personalized and luxurious air cruise, guests will depart Paris and fly to Mexico City where they will spend three nights. Next they will travel to Hawaii and experience Honolulu and the Big Island for two nights before heading to Fiji to soak up Melanesian culture for three nights. Then they travel even further to the end of the Pacific landing in New Zealand to explore the stunning scenery, rich Maori culture and remarkable indigenous wildlife.

The journey continues on to Australia for four nights as guests adventure through the natural reserves of Tasmania before arriving in Perth to explore the Pinnacles Desert or Wave Rock. In the next destination, Singapore, all of Asia unfolds before guests in a futuristic way for two nights. Beyond, in the blue Indian Ocean, the Maldives waits to be explored. Then guests will reach the untamed nature and unique wildlife of Tanzania, or if the guest prefers, Rwanda for a supplemental fee, which is the final destination of the World Tour.

“Our 2024 World Tour Special Edition Air Cruise is all about fostering exceptional moments for guests,” says Safrans du Monde President Guy Bigiaoui. “As passengers explore the incredible destinations and enjoy their customized itinerary, they are given the chance to discover a diversity of landscapes and civilizations across the world, all while receiving the highest standards of private aviation service while on-board.”

Safrans du Monde makes it possible to enjoy panoramic views of the world on board a private aircraft specifically designed around the comfort of the passengers. While in-flight, guests can socialize with one another at the onboard bar and enjoy an extensive list of fine wines, spirits and champagne developed by key oenology expert, Les Caves de Taillevent, or sip on the signature “Safrans du Monde” cocktail created by Harry’s Bar in Paris. They will receive personalized wellness kits from Sothys, a French beauty brand offering specialized treatments crafted for high-performance results.

Customization is an essential aspect of Safrans du Monde. U.S. guests can join the World Tour in Mexico City to lessen their travel time. They can also arrange a tailor-made program prior to their departure from Paris if interested in extending their trip (for a supplemental fee).
